Spring Barley, 2-row

FENDER

SC 2902, Listed in the UK 2020

High yields in maritim and continental environment
Mid-late variety
Good disease profil
High DP and very good grading

AGRONOMY

Height : Medium

Lodging : Good to very good

Straw breaking : Good

Ear breaking : Good

Tillering : Good
Ear fertility : Medium
TKW : Good

DISEASE RESISTANCE

Rhynchosporium : Good

Net Blotch : Good to very good

Brown Rust : Good

Mildew : Very good

Ramularia : Medium

Others : Cereal cyst nematod resistant

QUALITY

Quality : Malting
Proteolytic profile : Moderate
Grading > 2,5 mm : Very good

Spec. Weight : Medium to good
Protein content : Low to medium

NonGN high DP with moderate proteolytic

	Yield in OT* (Crop 19 & 20)
Treated	99,8 %
Untreated	97,0 %
Standards Varieties	* 2019&2020 (LG DIABLO + LAUREATE + RGT PLANET + COSMOPOLITAN + PROPINO)
